

USE POSLAM FOR ECZEMA, ITCH NO MORE

Every eczema sufferer should know just how greatly Poslam is able to soothe this stubborn trouble; how quickly it brings relief, stops itching, cools, soothes and comforts. To spread Poslam over an angry affected surface is to feel that here, in reality, is just the healing influence the skin demands. Treatment is usually surprisingly short and improvement noticed every day. Poslam is harmless. Use it for pimples, rashes and all eruptions disorders. Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

Urges your skin to become clearer, healthier by the daily use of Poslam Soap, medicated with Poslam.

ADVERTISING PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with a dark brown taste, a bad breath, a dull, listless, "no go" feeling, constipation, purple liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 30c and 25c per box. All druggists.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Hot Tea at any pharmacy. Take a tablespoonful of this Hamburg tea, put a cup of boiling water upon it, pour through a strainer and drink a teaspoonful at any time. It is the most effective way to break a cold and cure a grip, as it opens the nose, relaxes the throat, loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

VEGETABLE TEA FOR CONSTIPATION

Thousands of families brew it at home and keep well.

Stick headache, nervousness, yellow skin and drowsiness are usually caused by constipation and can easily be conquered by the use of Dr. Carter's K. and B. Tea.

Brew it at home the same as you would the regular mealtime tea and drink a cupful just before you go to bed.

A small package will last a long time and any doctor will tell you that he has been selling it for years and that many people swear by it. Drink it for indigestion, constipation, up bowels. You'll like it.

Being purely vegetable and gentle action, it is the most reliable and nearly all of them like it.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache.

When your kidneys feel like lumps of lead, your back hurts, or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have indigestion when the weather is bad, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act. This famous salt is made from the acid of grapes and lemon juice, combined with other ingredients and is a natural and healthful stimulant. It is a source of irritation, thus ending bladder disorders.

Jad Salts is inoperative; cannot injure, makes a delightful effervescent lithia-water beverage, and because it is inoperative, cannot make a mistake by having a good kidney-flushing any time.

BROWN SAYS OAKS FITTING MEMORIAL TO D.C. WAR HEROES

A park of stately oaks and evergreens would be the most fitting and durable memorial the District of Columbia could provide to perpetuate the memory of the boys who gave their lives on the battlefields of France, is the opinion of Glenn Brown, president of the Washington Society of Fine Arts and historian of the National Capital. Concurring heartily with The Times' suggestion that plans be started for some memorial, Mr. Brown, who has been interested in the beautification of the city for nearly fifty years, declares his preference for something more original and enduring than marble shafts or statues destined only for ruin and decay.

"I can think of nothing more expressive than a park," Mr. Brown told The Times, "and in that park I would plant oaks and evergreens—oaks because they symbolize endurance, and evergreens because they would typify our remembrance of those fallen heroes."

An Original Idea.

"Shafts and monuments have been erected again and again and there is nothing original in the idea. Already the marble monuments erected in Revolutionary days are disintegrating and falling into decay. For such deeds as our boys performed in France, we want something that will last more than a hundred years. Oaks attain an age of 300 years, and as the trees we plant now fill out, future generations could set out new. Thus a park would be perpetual, a living, vibrant thing. In it present and future generations could sit and meditate on the greatest war in history and on the valiant part the Washington boys performed."

Most suitable location for such a memorial would be at that point, just beyond the Lincoln Memorial, where Rock Creek joins the Potomac. That is where the new drive is planned, where the city has been trying for some years to acquire new park space. It would be close enough to the center of the city. It would overlook the Potomac, and it would be an historic ground, and in historic surroundings.

Best Memorial.

"Better than placing a tablet at the base of each tree to commemorate some individual soldier, I would suggest the erection of a granite sarcophagus in the center of the park. Its size to be dependent, naturally, on the size of the park. The upper portion of this could be of bronze, and on it engraved the names of all Washington heroes. It might be a good idea to make a fountain of the one at Versailles, the water to play constantly over the bronze, the running water being not only refreshing but expensive, also, of perpetuity."

"It might be a great deal easier to acquire this property if I have mentioned for such a use than it has been when just ordinary parks have been wanted. The scarlet, gold and red oaks with white and yellow pine would make a most effective park. The oaks at the Zoological Garden entrance of Rock Creek Park have only been planted fifteen years and are already fine trees. They keep their foliage almost the entire winter, and

CLAIM 'DRY' LAW VOID AFTER PEACE

How long the "bone dry" amendment to the food production bill is going to be effective is a much-mooted question among lawyers in and out of Congress.

The food production bill, with its prohibition rider, has now been passed by Congress. After receiving the signature of the Speaker of the House and the Vice President, it will be sent to the President and, unless he vetoes it, will become law. Under the dry amendment, sales of alcoholic beverages stop June 30, 1919, and manufacture of wines and beer stop May 1. The amendment is to continue in force until demobilization. That, at least, is the interpretation the drys put on it. Wetters may it will not be enforceable after peace is proclaimed.

The amendment has an important effect on the pending revenue bill. It is estimated it will cause an annual loss of revenue of \$1,000,000, although this estimate has been called excessive.

So far as the movement to make the District "bone dry" is concerned, which was headed off in the Senate yesterday, Senator Sheppard says he means to renew it at the earliest opportunity.

SHE ASKS COURT TO PREVENT TRIAL

MONTPELLIER, Vt., Nov. 18.—The former Mrs. Anna Felch, who faces a second trial on the charge of murder after having been acquitted, will go to the United States Supreme Court to fight the new State law which allows the State to appeal. Richard A. Hoar is her attorney.

The woman is now the wife of Leander Dexter, a farmer in service at a Southern camp, whom she married three weeks ago. Mrs. Dexter was accused of having killed her first husband at West Topsham in April, 1916.

ADMIRAL AMET IS ENVOY.

PARIS, Nov. 19.—Vice Admiral Amet, commander of the French squadron in the Bosphorus, has been named high commissioner to the Ottoman government. French troops have departed from a squadron of cruisers to occupy Alexandretta, it is officially stated.

BREAK WINDOW TO GET \$1,500 IN GEMS

Breaking a plate glass window in the Lucios jewelry store at 1307 F street northwest early this morning, burglars who used a pole with a hook on the end obtained \$1,500 worth of jewels.

The robbery was discovered about 8 o'clock when Charles Kelley, assistant manager, discovered the broken window. Three trays of rings and watches were missing.

The store is in the downtown district, where street cars pass frequently during the night. The robbers used a newspaper to deaden the noise of breaking glass. A hammer was used to break the window.

Arabs Can't See Why Drop of Blood Can Cure Stomach Ache

Arabs in Palestine fail to understand how American doctors can cure their stomach ache by extracting a drop of blood from the ear.

The American Red Cross laborator, recently opened in Palestine, has had many difficulties to contend with, based on the superstition of the natives, tables say.

American doctors have explained that often a single drop of blood when viewed by the microscope, discloses a complete story of general health conditions, but thus far the Arabs are unconvinced.

EX-EMPEROR KARL HELD AS PRISONER

LONDON, Nov. 19.—Emperor Karl is virtually imprisoned in Eckartsap castle, according to a Vienna dispatch to the Times.

The present food situation in Austria is said to be bad. It is stated there is practically no meat, bread, or margarine.

Austrian aristocrats and government leaders have not suffered from the war, according to the dispatch. None of them served in the army, all of the officers being furnished by the middle classes.

Law of Supply and Demand Quotes Iron Crosses At 1 Cent Each

AMSTERDAM (By wireless to New York via Paris), Nov. 19.—The Telegram states that iron crosses bestowed by the Kaiser in such large quantities during the war, are now being sold in Germany for five pennings (1 cent) each.

COMMENDS TWO NAVY MEN.

Secretary of the Navy Daniels today commended Ian E. McIntyre, first class fireman, of Westville, N. Y., and Elmer E. Lloyd, first machinist mate, of Steelton, Canada, both of the United States Navy, for their bravery in rescue work.

NIGHT MESSAGE RATES REDUCED

Postmaster General Burleson today issued an order, effective January 1, next, reducing the rate for "night message" telegrams to enable Atlantic coast and Pacific coast States to intercommunicate for 50 cents. The lowest charge heretofore has been \$1.

Night message telegrams after January 1 will cost a minimum of 20 cents for ten words and a cent for each extra word for the shortest distances, and 50 cents for ten words and 2 cents for each extra word for the longest distances.

Thrift stamps bought for yourself or your children cultivate the right spirit.
